

Social Work Services

Your Doctor or Nurse Practitioner can connect you with a **Social Worker** to help with any of the following:

Financial Hardship

Are you struggling with money matters?

Do you want to know about income support programs?

Change in Your Health

Do you have a new or worsening health condition?

Do you need help with everyday activities?

Community Resources

Are you wondering what help is available in your community?

Housing Instability

Are you struggling with where you live?

Would you like to know about different housing options or a shelter?

System Navigation

Do you need help connecting with government programs and related services?

Safety and Support

Do you feel unsafe for any reason?

Do you need emotional support during a time of crisis?

A **Social Worker** works with you to help you manage a variety of emotional and social concerns that impact your health and wellbeing.
